

## **Report on follow up of recommendations**

Following up the implementation of the recommendations made by the IAMB during its regular meetings, COFE worked on implementing most of these recommendations, follow up clearing the observations stated in the external auditors report for the year 2007- 2009. In its report to the IAMB, COFE mentioned the percentage of the clearance of the above mentioned observations, and it follows up with Kurdistan region the clearance of the remarks related to the region in coordination with the Board of Supreme Audit in the region.

COFE continues posting its minutes of meetings and reports on its website, in addition to its bimonthly reports to the IAMB.

COFE has received the DFI cash flow for the whole 2010 from the Ministry of Finance and they are in the stage of review and translation before posting them on its website.

COFE has received the quarterly report related to the implementation of the Oil Metering system for the first quarter of 2011 from the Ministry of Oil, and it was translated and posted on its website.

COFE still follows up the laws, organizational chart and job description, as most of the ministries have sent their organizational chart to the Council of Ministers for approval and provided COFE with a copy.
